

EPISODE 1

FEBRUARY 2019

The new regulation with added restrictions governing the use of category 1 antibiotics has been published!

WORKSHOP: JUDICIOUS USE OF ANTIBIOTICS

Why not add a second chapter to our study!?

Great idea! you got this IronRoy?

Yep!

We will need to call on other collaborators

It's the perfect opportunity to evaluate the impact of this new regulation

ONE YEAR LATER, MARCH 2020, THE FUNDING IS SECURED, BUT...

LATER

What a nightmare!!!

COVID-19 has reached pandemic proportions and is estimated to cause 4 000 000 deaths this year.

The study must begin, but we don't have enough students!

Should we postpone until the end of the pandemic?

Stop pulling your hair out! you barely have any left!

Let's enlist students that are already here at the FMV!

If we don't do anything,

antibiotic resistance

could kill 10 000 000 people each year by 2050!

We can't quit now!

FINALLY

The future is in your hands

Let me introduce our NEW students!

CHALLENGE ACCEPTED!
