

INTERLABORATORY TRAVEL AND INTERNSHIP SCHOLARSHIPS (within the Galactinnov Network)

Travel scholarships are available to stimulate collaboration and encourage students and postdoctoral fellows from Op+lait to travel to France to join the research teams of members of the Galactinnov International Research Network.

- Several scholarships, worth up to \$1,000 each, are available for graduate and postgraduate students and postdoctoral fellows supervised by an Op+lait member.
- Cannot be applied retroactively for past travel.
- Open competition (can be submitted at any time).

Eligibility Criteria:

1. Open to undergraduate, Master's, PhD students and postdoctoral fellows supervised by an Op+lait member at a Quebec university.
2. The project must align with one of Op+lait's four research axes (see www.oplait.org).
3. Visit must be made to one of the research units/teams within the Galactinnov network.

Value:

Each scholarship value is up to \$1 000, for travel, accommodation, and meal expenses.

Selection Criteria:

Relevance of the internship or collaboration (50%) and added value for the student's or postdoc's training (50%).

Requirements:

Applicants must have actively participated in Op+lait's training and networking activities

Document to Submit (AT ANY TIME) before the internship:

Application form (with supervisor's help), as well as a letter of invitation from the host laboratory, must be submitted by email to Josée Labrie (josee.labrie@umontreal.ca). Responses will be provided within one month.
